The Director of Public Instruction
Mysore and Coorg

To

The Secretary to the
Chief Commissioner, Revenue Depa

Sir,

Referring to C C O No 2166-Edn 33 of the 13th ultimo, stating that it is undesirable to add to the amount of the grants un- and given in Bangalore, but that new grants may be given to institutions in other parts of the Province, especially if contributed to by the local population, such as Sanskrit Schools, Girls' schools and schools for special instruction also preparatory English schools in large towns, I have the honour accordingly to submit for the Chief Commissioner's orders the following applications -

2 Sanskrit Schools - Applications have been

received from the places noted in the margin

Shimoga
Turvekere
Kankanhalli
Chitaldroog

The Shimoga School is kept by Hurali Seshachar, a vaidikaram It was recommended by the Deputy Commissioner through the Commissioner and is well reported on by the Deputy Inspector after an examination held last month There are 25 students, the highest reading Siddhanta Kaumudi and the monthly income is Rs 19 4 The arrangement and classification will be made more systematic if brought under regular inspection The Turvekere School is carried on by Lakshmi Narasimha sastry under a native Committee, who raise Rs 10 a month for him by subscriptions There were 23 students when the Deputy Inspector visited the school, the highest studying Nanshadha The school is reported to be ably and properly conducted The Kankanhalli School to be established under Narsimhachare was the subject of an

application to the Chief Commissioner when he visited the place last year Particulars called for through the Amildar have been received from the Deputy Commissioner, and a list furnished of 33 students The Chitaldroog School is under a clever master and well taught On account of the attendance of pupils being 44 and in consideration of the assistance rendered by the master in the preparation of students in the High school for the Vernacular portion of the Matriculation examination, an increase of the grant is requested to enable him to engage the services of an assistant

3 Girls' Schools - Applications have been received on behalf of Kannada schools for Hindu girls at the places noted in the margin at Davangere a school was commenced in June last year by the Amildar, and in January last the Wesleyan Mission at Shimoga offered to take it over and have since carried it on There are

Davangere
Kyatsandra
Yelahanka

50 girls and a grant of Rs 20 is applied for, the Mission making up an equal amount from contributions At Kyatsandra, near Tumkur, a school has been opened also by the Wesleyan Mission It contains 20 girls with a prospect of increase, and a grant of Rs 15 or at least Rs 10 is requested for it The Yelahanka School is one established by the Munsiff - It has been carried on for some time with success, and has an attendance of 30 girls It has been recommended for a grant by the Deputy Commissioner -

4 Hindustani Schools - One at Gubbi with 30 pupils has been recommended by the Amildar It is conducted by a former normal student and has been reported on by the Deputy Inspector

5 English Schools - The only school applying for a grant is Mari Mallappas School at Mysore, but applications for the establishment of English Schools by Government have been received from Dod Ballapur, Chintamani,

Closepet and other plales Maru Mallappas
School, according to the documents forwarded
with your No 333- Edn 5 of the 17 april last, has
been founded from the proceeds of the estate of
the late Goorukar Maru Mallappa, and in
clause (e) of the judgment given in the Ashta-
gram Commrs Court, in Suit No 4 of 1879, as
decreed to be "an Anglo Vernacular school for
the primary free education of promising Swach.
boys, with a certain number of moderate scholar-
ships to the higher schools attached, to be
competed for by the Swachar boys in question
In the application of the Trustees, they say the
aim of the school is to train up candidates
for Matriculation and middle class examina-
tions' Between the directions of the judicial
decree and the aim of the Trustees there is thus
an evident divergence

6 The School was inspected early this month
by Mr Leonard Head master of the Maharajas
College, and the Deputy Inspector From their

report it appears there are 154 pupils, of whom 30 are Swachars, who are received without fee, as well as 17 others There is a High School with 12 pupils Middle school with 49 and Primary with 83, but one class of the Middle School is regarded by the masters as part of the High School The rates of fee are half the Government rates, except in two classes where they are only a quarter and three eighths The monthly expenditure, including a scholarship of Rs 5 to a Swachar boy, is Rs 127, which provides 6 masters and a Munshi The results of the Examination in the various classes were satisfactory The premises are large but badly ventilated and lighted Of some bamboo bazars in front of the building, belonging to the property, Mr Leonard says that one at least should be removed to make a proper entrance

7 The application is for Rs 100 a month, but the expenditure proposed after a grant is received, as stated in detail, amounts to Rs 250 a month,

while the resources of the school come to Rs 205 a month. Hence only Rs 45/a month remain to be provided. It would therefore seem that a grant of Rs 50 will be ample.

8 On reviewing the various applications above described, I would propose for the Chief Commissioners sanction the following grants

Sanskrit School	Shimoga	Rs 12
	Turvekere	10
	Kankanhalli	10
	Chitaldroog (increase)	10
Girls School	Davangere	20*
	Kyatsandra	10
	Yelahanka	15
Hindustani School	Gubbi	10
Mari Mallappa's School, Mysore		50

or a total of Rs 147 a month, to be met from the available balance of Rs 2234 from the provision for grants-in-aid in the current year's budget. The balance was stated as Rs 2374 in my letter No 899 of the 14 June last,

lent a grant which was then in abeyance
for a Hindustani school at Nelamangala,
of Rs 12 a month, has been since renewed

9 I would take this opportunity of refer ring
to the question whether Girls Schools should
continue to be exempted from payment of
fees, submitted for consideration in the
Introduction to my Annual Report for
1879-80, under the head of Female Educa
tion

I have the honour to be
Sir,
Your most obedient Servant

Director of Public Instruction
Mysore and Coorg

Sec 49 Sept 1 / 80

Order thereon —

The following grants in-
aid to Schools are sanc-
tioned in accordance
with the recommenda-
tion of the Director on
condition of the present attendance
at the several Schools
as reported being fully
maintained and the
Schools being efficiently
conducted -

	Amount per month
Marri Mallappah's School Mysore	50
Sanskrit School, Shemoga —	12
Do , Turvekere —	10
Do - Kankanhally -	10
Girls' School, Davangere -	20
Do , Kyatasandra -	10
Do , Gelahanka —	15
Hindustani School, Gubbi —	10

VI

~~For Chief's records~~

2 There seems no sufficient ground for increasing the grant of 15 Rs to the Sanskrit School at Chitaldroog which is comparatively a minor station If any assistance is required from the Master of this School to the foot School, a separate remuneration for such service may be recommended with the necessary explanation.

3 With reference to para 9 of the Director's letter, the Chief Commr is of opinion that the levy of fees should not be insisted upon as regards aided Girls' Schools - The matter should be left to the discretion of the Managers of the Institutions -

4 The Chief Comr takes this opportunity to draw the attention of the Director

to the disproportionately large grants drawn by several of the aided Schools especially in Bangalore, and as a readjustment of the same may be desirable with reference to the claims of other places in the Province and the present condition ~~efficiency~~ of the Schools, he desires that a detailed report may be submitted shewing the present condition of each aided School, and the Directors proposals for any alteration of the grants considered necessary - The report should shew in regard to each School its income and expenditure, its average attendance and the nature and efficiency of the instruction

any change

13

given - The income derived from private subscriptions School fees and Govt grants should be further separately shewn - The report should be submitted separately for the aided Schools intended for the Education of European and Eurasian boys and girls in Bangalore -
